

CHEMICAL ENGINEERING

Curriculum for Spring Semester Junior Co-op
For Students Entering AFTER June 2014

First & Second Years	Third Year (Junior)		Forth Year (Senior)		Fifth Year
	Fall ¹	Spring ¹	Fall	Spring	
<p>For your Freshman and Sophomore years, students should follow the appropriate flow chart based on your year of graduation.</p>	<input type="checkbox"/> (3) ENGIN 351 ⁴	C	<input type="checkbox"/> (1) ChE 491A Professional Seminar	<input type="checkbox"/> (3) ChE 333 Heat and Mass Transfer	<input type="checkbox"/> (4) ChE 401* Senior Lab
	<input type="checkbox"/> (3) ChE 320 Kinetics	O	<input type="checkbox"/> (3) Technical Elective ⁵	<input type="checkbox"/> (3) ChE 338 Separations	<input type="checkbox"/> (3) ChE 444 Chem Process Design I
	<input type="checkbox"/> (3) ChE 325 Thermo II	O	<input type="checkbox"/> (3) Technical Elective ⁵	<input type="checkbox"/> (4) Social World Elective ²	<input type="checkbox"/> (3) ChE 446 Process Control
	<input type="checkbox"/> (3) ChE 330 Fluid Mechanics	P	<input type="checkbox"/> (3) Adv CHEM Elective ³	<input type="checkbox"/> (4) ChE 402	<input type="checkbox"/> (3) Technical Elective ⁵
	<input type="checkbox"/> (1) ChE 391A Professional Seminar		<input type="checkbox"/> (4) Social World Elective ²		<input type="checkbox"/> (3) Technical Elective ⁵
	<input type="checkbox"/> (3) ChE 475 (PChem)			<input type="checkbox"/> (4) Social World Elective ²	
63 Credits	16 Credits		14 Credits	18 Credits	16 Credits

* Completion of a General Education Integrative Experience (IE) course is a senior year requirement for all students who entered the University after June 2010. ChE 401 will fulfill the IE requirement.

Note: This alternative schedule only applies to those students who have a valid co-op registered through the Field Experience Office.
